Four Points By Sheraton Hotel • 530 Richards Drive, Manhattan, KS

The Technological Hazards section is sponsoring the 2016 Tech Hazards LEPC Conference. Our goal is to reinforce and support the LEPCs in showing how important they are between citizens, industry and government.

The theme for this year's conference is **"Back to Basics!"** Events over the past two years have prompted LEPCs across the nation to reevaluate plans and processes. Topics this year will include challenges and lessons learned from **Bakken Oil** responses by the State of North Dakota, Rail **Transport Hazmat** capabilities with a Q&A roundtable discussion, Regional Response Team capabilities, **training opportunities** through SERTC and KDEM, energizing LEPCs with the help of **Tim Gablehouse**, LEPC roundtable

discussion, commodity flow studies challenges and tips, EPA's Risk Management Process, exercise planning, spill program updates, planning tips from the Kansas Pipeline Association, the HMEP grant process, and a radiation instrument workshop.

We encourage LEPC members, first responders, emergency managers and community leaders to come together and share their experiences.
